Message from the Chair

As the current Chair of the Livingston County Human Services Collaborative Body, I want to thank and congratulate all of the HSCB workgroup members for their hard work and dedication in making our community a stronger, healthier place to live. The Livingston County Human Services Collaborative Body has been in existence for over 27 years with a mission to ensure a system of support for members of our community. The HSCB membership truly prides itself on collaboration and are driven by tangible outcomes. This year's Annual Report highlights accomplishments throughout the year and includes 2016 outcome numbers from January through September; in October our workgroups transitioned to the Success Indicator Report to gather more accurate data.

All of the HSCB workgroups are working hard to enhance and fill gaps in human services within our community. As we celebrate the progress and accomplishments of 2016, let us begin to plan for an amazing 2017.

It has been a pleasure serving as this year's HSCB Chair,

Angela Parth

HSCB Mission

*"Ensuring a system of support for
members of our community"*

HSCB Values

We believe the needs of children, adults, and families drive our planning and services.

We believe that collaboration means shared stewardship of community resources for the common good of Livingston County.

We believe that collaboration requires broad community representation.

We believe the HSCB is responsible for developing continuums of service from prevention to treatment.

We believe the HSCB should ensure that community members needing services from multiple agencies receive services as efficiently and effectively as possible by creating systems of care.

We believe that the HSCB should provide a caring community for Livingston County residents by supporting each other's work.

What is the Purpose of the HSCB?

The Livingston HSCB started in 1989 and is comprised of 26 appointed members who work together to coordinate health and human services across systems.

The HSCB does this work through established committees and workgroups which have specific goals and objectives to complete.

To learn more about the work of the HSCB, contact Anne Rennie at 517-586-2039 or arennie@cmhliv.org.
